OUR VISION

VICTORY TRAIN

Kyiv →  → Simferopol

Estimated travel time is 4 hours

We know how Japanese society survived the nuclear disaster. But today, when we boarded the train from Tokyo to Hiroshima, the entire trip took all of four years.

*It was a fast train. I thought about the fact that it is the same distance from Kyiv to Simferopol. And I dream that one day it will be possible to reach Crimea by such a train. This will be the **Victory Train**. Because the best Japanese technologies will become part of the reconstruction of Ukraine. Then we will begin to focus on large objects of reconstruction, and one of them will be exactly that train - **the Victory Train to Crimea**.*

ANTS Team

OUR MISSION

To build and modernize Ukraine
to strengthen dignity for its citizens

OUR GOALS

- Ensure Ukraine's accession to the EU and NATO;
- Bring the aggressor to justice;
- De-imperialize the russian federation;
- Collect reparations from russia;
- Rebuild and modernize Ukraine;
- Educate a new elite.

HOW DO WE DO IT?

- We visited more than 15 countries with advocacy goals — increasing NATO weapons samples, sanctions against the aggressor, tribunals, reparations.

- We monitor and advocate for the implementation of reforms in preparation for EU accession.

HOW DO WE DO IT?

- We created a platform that unites civil society, authorities, experts and we work for the restoration of Ukraine euroscope.org.ua;
- We educate new leaders at the school of European integration and the youth model of the NATO PA;
- We are establishing a multi-level dialogue and discussion of a common vision of post-war reconstruction and development.

ICUV - INTERNATIONAL CENTRE FOR UKRAINIAN VICTORY

ICUV is a collaboration of expert Ukrainian public organizations united by the common goal of defending Ukraine's victory in the Russian-Ukrainian war.

- We demand NATO weapons to speed up Ukraine's victory

- We are increasing economic pressure due to tougher sanctions on the aggressor

APPEAL TO RAMSTEIN PARTICIPANTS TO PROVIDE UKRAINE WITH MODERN WESTERN TANKS

We, as representatives of civil society, call on the Western governments to form a coalition and supply as soon as possible Western tanks for Ukraine, including, Leopard 2 tanks which are in mass use in Europe. A declaration and decision to supply Ukraine with battle tanks would encourage other countries to share their tanks too. We're calling upon you to show a new level of solidarity with Ukraine following the Russian constant escalation.

We defend Ukraine's victory in the Russian-Ukrainian war

PROJECTS

- We are preparing the third model of the NATO Youth PA

- Effective path of Ukraine to the EU (EUROSCOPE) - analyzes the progress of Ukraine in the EU, gives citizens a better understanding of why Ukraine joined the EU, at what stage Ukraine is now and what needs to be done to become a member of the European Union.

- HALLI - reveals the potential of regional leaders to develop and implement innovative ideas - thus improving people's lives, as well as contributing to the strengthening of democracy, effective and transparent governance and popularization of Ukraine as a country of innovation and creativity.

- "Rebuilding Ukraine Together" is an expert platform for meetings of experts, civil society and authorities to develop a unified plan for the recovery of Ukraine.

- Multilevel dialogue on the effective use of social and financial resources for the inclusive recovery of Ukraine – monitors the effective use of social and financial resources for the inclusive recovery of Ukraine. The project is aimed at actively involving public organizations and active citizens in the development, implementation and control of post-war community development.

- "Strengthening communities for the sake of victory and revival of Ukraine" is designed to help Ukrainian communities in difficult times of war and after it. Our mission is to support communities affected by the war and help overcome the problems associated with the Russian invasion.

COMMUNITIES SUPPORT

More than 100 tons of humanitarian aid were brought to Ukraine from Taiwan. We received \$1,000,000 from cooperation with Taiwan and will spend it on the suffering Kherson and Mykolaiv regions.

Every week we visit hot spots of Ukraine with a humanitarian mission. We support the military and the civilian population.

We support communities and provide them with the opportunity to be heard outside of Ukraine and establish international connections for reconstruction and recovery.

ANTS MEDIA

■ "Strong as the Earth" is a documentary film about strong and indomitable Ukrainians who move forward despite pain and fatigue.

■ Charisma UA is a project aimed at supporting and promoting Ukrainians who are creating the history of their country. More than 100 scenes were filmed. Some of them are shown abroad.

■ "Volunteer's diary" — documentation of trips of volunteer teams of the ANTS Network to the hottest corners of Ukraine. It is about humanity, willingness to support and help.
